

HEEJI WOO

3D Modeler with production experience in VFX and game cinematics.

Specialized in realistic character modeling, with a strong focus on anatomy, form, and clean topology.

Additional experience in texturing, Houdini grooming, and hair simulation.

WORK EXPERIENCE

COOT IMAGEWORKS | 3D MODELER

Apr 2025 - May 2026

Bucheon-si, South Korea

- Modeled realistic characters for cinematic productions, with a focus on anatomy, form, and clean topology.
- Rebuilt game character assets for cinematic use while preserving the original designs and meeting pipeline requirements.
- Created textures and supported look development to maintain visual quality and consistency across assets.
- Improved Houdini grooming workflows through independent R&D and collaboration with other departments.

WESTWORLD | 3D MODELER

Nov 2024 - Feb 2025

Goyang-si, South Korea

- Modeled film scale props and environment assets for feature productions, balancing detail and mesh density for efficient rendering.
- Created a key organic and mechanical asset from a single concept image, adapting the design to work convincingly in 3D.
- Built additional geometry to support the lighting and compositing teams when on-set reference was limited.

EDUCATION

Sungshin Women's University | Seoul, South Korea

Mar 2018 - Feb 2023

Bachelor of Fine Arts | Industrial Design

CG5 ACADEMY | Seoul, South Korea

Feb 2022 - Apr 2024

3D Modeling
